PROFESSIONAL REGULATION IN NEW YORK STATE

State regulation in 31 fields of professional practice, including issuance of licenses and enforcement of rules of professional conduct, is vested in the Board of Regents in New York. Medicine was the first profession regulated by the Board of Regents with the establishment of licensure of physicians in 1892. The profession of Social Work has been credentialed by the Regents since 1966.

Practice of a profession is a public trust, earned through educational preparation, experience, the passing of rigorous examinations, and commitment on the part of the practitioner to public service. The professional carries out that trust in accordance with ethical standards developed through years – often decades and even centuries – of the best professional traditions, and in accordance with state law and regulations. Professional practitioners are urged to be always conscious of the very special obligations of public service and of ethical conduct that the privilege of licensure creates.

The New York system of professional regulation is unique in that it places a citizen body, the Board of Regents, which is responsible for education at all levels, in charge of the education, licensing and discipline of the professions. It is also unique in providing for boards to advise the Commissioner and the Regents on all matters relating to licensure and discipline. The boards, each aided by an Executive Secretary appointed by the Regents, provide communication links to the professions and the public. The boards make recommendations on policy and on disciplinary issues and provide advice to the Department and the Board of Regents.

Under policy established by the Board of Regents the Title VIII professions are administered through the following units of the Office of the Professions in the Office of Higher and Professional Education.

Professional Education and Professional Boards

The Department monitors programs of professional education according to standards for registration (accreditation) established by the Board of Regents. Specifically, through Board Executive Secretaries and consultants, the Department evaluates proposed new programs as well as currently registered programs in some 300 institutions that prepare individuals for the practice of one or more professions. Information concerning registered programs, including licensure-qualifying programs in the professions, may be obtained by contacting the appropriate Board office.

Twenty state boards for the professions are appointed by the Board of Regents to advise the Department and the Regents on matters relating to professional licensure, practice and conduct. The law provides that these boards be comprised of a number of licensed professionals and one or more "public members," consumers of the services provided by the profession concerned. Some 300 persons serve on the 20 boards.

Minority Access to the Licensed Professions

The Regents are committed to the premise that equal educational opportunity in programs that lead to licensure is a right of all who live, work or study in New York State. Despite progress in achieving greater access for minorities and disadvantaged populations, there still exists a severe underrepresentation of minorities in the licensed professions. To correct this problem, the Regents and the State Education Department endorse a coordinated and comprehensive effort involving the sustained efforts of the educational system, professional boards, professional associations and societies, government, industry, parent groups, and individual professionals. Any persons or organizations interested in learning more about or participating in state and local projects may contact the Executive Secretary for the State Board of the involved profession.

Professional Licensing Services

The Division of Professional Licensing Services of the State Education Department issues more than 50 different authorizations to practice in the 31 professions licensed or otherwise redentialed by the Department and Board of Regents. The Division has three major program sections: the Operations Office, the Comparative Education Office and the Office of Test Administration. In cooperation with the Executive Secretary of the State Board in each licensed profession, the Division's Operations Office is responsible for administering licensing rules and regulations, assuring that the standards set by law are met prior to licensure and for administering the triennial registration system for licensed professionals practicing in the State. In order to practice or use a professional title

in New York, a professional must be registered with the Department as well as licensed. The registration period is specific for each profession and expires for all members of that profession on a common date indicated on each practitioner's registration certificate. It is the responsibility of any licensed professional practicing in New York to maintain current registration and to notify the Department directly of any change of address or of name.

The Division's Office of Comparative Education evaluates all applications involving foreign or nontraditional education. Staff in this office have specialized training with educational systems and academic programs established throughout the world and provide special assistance to applicants presenting credentials earned in other countries or unaccredited programs for purposes of licensure in New York State.

The Office of Test Administration schedules and administers all professional licensing examinations conducted by the State Education Department. It is responsible for locating and securing acceptable examination facilities and staff regularly contract with vendors, suppliers and other agencies for these services. The Office of Test Administration is also responsible for scheduling candidate reviews and appeals of previous licensing examination results.

Professional Discipline

A license permitting an individual to practice in New York State is in effect for the lifetime of the holder unless use of the license is affected by a finding of professional misconduct. Professional misconduct is defined in Section 6509, Education Law, and in Part 29, Rules of the Board of Regents. It is the responsibility of each professional to be aware of the laws and regulations covering his or her profession. Copies of statute and rules are included in this handbook.

The Office of Professional Discipline of the State Education Department enforces standards of professional conduct in all professions, except that initial enforcement action in medicine is vested in the Office of Professional Medical Conduct, Department of Health. Any person who suspects or has knowledge of professional misconduct should report the information to the appropriate office. (Physicians are required by law to make such reports; failing to do so is, in itself, misconduct.) When either office discovers a possible violation of standards, it starts professional misconduct proceedings. Final disciplinary actions in all professions are taken by the Board of Regents. If the Regents decide that a licensed person has acted unprofessionally, they may suspend or revoke the authorization to practice. The Regents may also impose fines and other appropriate penalties.

Professional misconduct includes practicing fraudulently, negligently, or incompetently; practicing while being impaired by alcohol, drugs, or mental disability; being convicted of a crime; and similar serious matters. Some examples of misconduct are: offering or receiving a referral fee to or from a third party, fee splitting, behaving in a way that indicates moral unfitness, filing false reports, practicing beyond the scope permitted by law, performing services unauthorized by a patient or client, physically abusing a patient, not keeping proper records, ordering excessive tests or neglecting a patient in need of immediate care.

Fee disagreements do not represent misconduct, but double billing or other fraudulent billing or charging for unnecessary services, tests or procedures does constitute misconduct.

Telephone calls or letters reporting professional misconduct will be treated confidentially.

To report misconduct for professions other than medicine, write the New York State Education Department, Office of Professional Discipline, 622 Third Avenue, New York, NY 10017. Telephone: 212-557-2100.

Or call the **Professional Misconduct Hotline:** 1-800-442-8106. The call is toll free from anywhere in New York State. (On holidays or during nonbusiness hours, a recorded message may be left and the call will be returned.) Or call or write the nearest regional office:

Professional Assistance Program

The State Education Department has initiated a program for licensed professionals who abuse alcohol or other drugs. Professionals who have not harmed clients or patients may voluntarily surrender their license while seeking treatment rather than face charges of professional misconduct. The committee for Professional Assistance, composed primarily of professionals who treat alcoholics and drug addicts, advise the Department on who should be accepted into the program, the acceptability of the treatment program and appropriate monitoring of program participants to assure public safety. All applications are confidential. Any person interested in additional information may contact the Coordinator of Professional Practice, New York State Education Department, Professional Assistance Program, Cultural Education Center, Albany, NY 12230, (518) 473-6809.

Applicants who have already successfully completed either level of this examination in another state may transfer their scores to New York State. Such transferral should be handled directly with the American Association of State Social Work Boards.

2. Included within the Department's licensure application materials is the AASSWB Candidate Handbook. The Handbook contains information about the examination, the exam dates and deadlines, the application form for the examination, and a form to order a study guide if desired.

3. The passing score on the licensure examination must be 75.0 as determined by the State Board for Social Work.

4. Students may enroll in the examination during the last semester of study at a registered or accredited graduate program in social work or its equivalent acceptable to the State Board for Social Work. The examination score is valid provided the applicant

Payments submitted in any other form will not be accepted and will be returned.**

2. **Fee Refunds**

The law provides that applicants for a professional license not receiving such license may be granted partial refunds not exceeding fifty percent of the fee paid to the Department unless they have failed the examination for such license, in which case such applicants may not receive a refund. Licensure fees are refundable only when a candidate withdraws his or her licensure application. However, if a candidate who withdraws his or her application obtains a refund and then decides to seek New York State licensure at a later date, he or she will be considered as a new candidate. New candidates will be required to pay the *full* licensure and registration fees and meet the licensure requirements in place at the time of reapplication. Requests for refunds must be made in writing.

3. **Confirmation of Newly Issued Licenses**

When eligible candidates are approved for licensure by the Department, a license number and an effective date of licensure are issued. Approved candidates will become legally licensed and entitled to practice in New York State as of that effective date. Written confirmation of licensure by the Department is verifiable by receipt of the registration certificate which is mailed within two to three weeks following the licensure date. Candidates who have reason to believe they have fully met the requirements for licensure are welcome to use the Division's licensure and registration verification services by telephoning the toll free number in the preface. The license number, once issued, and the effective date of licensure will be confirmed by telephone.

4. **The Initial Registration Period Following Licensure**

1. Duration of Registration Periods.

The established triennial registration periods for Social Work are as follows:

March 1, 1987 – February 28, 1990
March 1, 1990 – February 28, 1993
March 1, 1993 – February 28, 1996

2. **Prorated Refunds of Initial Registration Fee.**

   For newly licensed professionals or licensees reactivating their registration with the Department one or more years after the beginning of the established triennial registration period, a partial refund of either one-third of the fee submitted (second year registration) or two-thirds of the fee submitted (third year registration) will be issued by the Department. Such refunds normally take 8-12 weeks for processing and mailing.

I. **Registration**

Any use of the title Certified Social Worker or initials CSW requires current registration.

The initial registration of a licensed practitioner is automatic at the time of licensure. However, thereafter the practitioner is responsible for renewing the registration prior to the expiration date printed on it. The first registration fee submitted with the application for licensure is to provide registration during the triennium in which the person is licensed.

Renewal applications are automatically sent to all persons registered in the terminating triennium at the address on record (see section 59.8 of the Commissioner's Regulations page 26). If registration has been interrupted or a form has not been received by one month prior to the expiration of the triennium, the Certified Social Worker is responsible for requesting the application form. Law requires a penalty for late registration.

ALL CHANGES OF ADDRESS MUST BE REPORTED TO THE DIVISION OF PROFESSIONAL LICENSING SERVICES WITHIN 30 DAYS.

II. **Limited Permits** (see Section 74.4 of the Commissioner's Regulations).

1. If your employer or potential employer requires that you be a Certified Social Worker, you may, along with the completed application forms, apply for a limited permit by filing Form 5 (additional fee of $60). If approved, you may practice as a Certified Social Worker until the results of the next examination held after issuance of the permit are released.

2. The limited permit may be extended once at the discretion of the Department if the permit holder has not had a reasonable opportunity to take the licensing examination or to afford the permit holder a second opportunity to complete the examination successfully, provided that the duration of the permit does not exceed 18 months.

III. **Endorsement**

Persons who have been licensed, certified, or registered in another state in accordance with standards, including examination, equivalent to those in New York State may be granted licensure without further examination. Information about the basis of licensure must be provided on Form 3 by the licensing agency in the state(s) where the applicant was previously licensed. The New York State Board must determine if the examination accepted by another jurisdiction is the equivalent of the examination accepted in New York State.

The State Board for Social Work has already approved **all administrations of levels B and C of the examination produced by the American Association of State Social Work Boards (AASSWB). Applicants who have successfully completed this examination and the ones listed below are not required to complete Form 3. Applicants are required only to request a transcript of their examination scores be mailed directly to the department.**

Other examinations that are acceptable include:

California RSW (written) – Pre 1968; 1970
ETS – 1978; 2/79; 1981
PES – 1970

Applicants licensed or certified by any other examination must request that Form 3 be completed by the licensing jurisdiction.

Applicants who were licensed by an examination which is determined not to be fully equivalent to that acceptable in New York may be eligible for licensure by endorsement under Section 59.6 of the Commissioner's Regulations (page 25). Please note that this would require two years of acceptable full-time (or its part-time equivalent) professional post-licensure experience which must be validated on Form 3W. Agency-based experience must be validated by either the supervisor or the administrative representative of the agency. Independent practice experience must be validated by a licensed professional who is able to attest to the scope and duration of the work experience.

IV. Completing Application Forms

1. **Form 1 – Application for License and First Registration.** All candidates must complete this form and submit it with the appropriate licensure fees (see page 5) directly to the Department.

2. **Form 1D – Candidate Data Record.** All candidates are requested to complete this form and submit it to the Department.

3. **Form 2N – Verification of Education.** Graduates of non-New York State registered or non-United States accredited programs must complete this form. Forward it to your academic institution. The form should be returned directly to the Department by the registrar or the appropriate school official with a transcript or a notation of courses. If you have attended more than one academic institution, copy the form and send one copy to each institution.

4. **Form 3 – Certification of Social Work in Another Jurisdiction.** This form must be completed by applicants who have been licensed in another jurisdiction but who have not taken one of the approved examinations listed above. Candidates seeking licensure by endorsement must complete Section I and forward the form to the appropriate licensing agency for completion of Section II and direct submission to the Department. This form must bear the official seal and the signature of the appropriate official.

5. **Form 3W – Certification of Professional Experience.** Candidates seeking licensure by endorsement where the licensure examination is not fully equivalent to that acceptable in New York State must complete Section I and forward the form to the appropriate entity to validate the post-licensure work experience.

6. **Form 4 – Supporting Affidavit of Professional Experience in the United States.** Foreign educated candidates seeking licensure must submit this affidavit. It must be verified by the candidate's facility supervisor or bona fide facility representative. Candidates complete Section I and forward the form to the appropriate facility supervisor/representative for completion of Section II and direct submission to the Department.

7. **Form 5 – Application for Limited Permit.** (See Section 7705, Article 154 Education Law). Candidates seeking a social work limited permit must complete Section I and forward the form to the prospective employer for completion of Section II and direct submission to the Department.

V. Insurance Qualification Requirements

New York State Insurance Law currently provides two specific privileges to Certified Social Workers, each of which has the effect of qualifying those licensees as reimbursable providers of psychotherapy services. A qualified licensee may apply for and receive either or both privileges, which are represented by the letters "P" and "R," and are then displayed as prefixes to the original license number.

The "R", or six-year qualification, requires that Certified Social Workers approved by the State Board must be recognized as providers of psychotherapy in all group health contracts delivered in New York State when the benefits include psychotherapy coverage.

The "P", or three-year qualification, requires insurance companies to make available reimbursement for services provided by Certified Social Workers approved by the State Board when the group health contract contains psychotherapy benefits and the insured group specifically requests "P"-qualified social worker coverage.

A list of "P" and "R" qualified social workers is maintained by the Board and may be obtained for a fee by request. However, to ascertain the qualification for an individual social worker, call the Customer Service Unit at 518-474-3817 (or from within New York State, a toll free number, 1-800-342-3729).

Although there are some differences in eligibility requirements between the three-year and six-year qualifications, the following requirements are similar, as contained in Part 74.5 of the Regulations of the Commissioner of Education (see page 28):

1. **Definition of Psychotherapy** – "... the use of verbal methods in interpersonal relationships with the intent of assisting a person or persons to modify attitudes and behaviors which are intellectually, socially or emotionally maladaptive..."

2. **Qualifications of Supervisors** – For both "P" and "R" supervisors:

   a. Physicians must be licensed by the state in which supervision occurred *and* must be Board-certified in psychiatry or its equivalent, i.e., an approved residency in psychiatry.

   b. Psychologists must also be licensed by the state in which supervision occurred *and* must be graduates of an APA-approved doctoral

program in Clinical or Counseling Psychology *or* an APA-approved respecialization program in either of those areas *or* show evidence of having completed a Regents-chartered psychotherapy institute program of at least three years or its equivalent as determined by the State Board for Psychology. Diplomate status in Clinical or Counseling Psychology from the American Board of Professional Psychology is recognized as an acceptable credential for qualification as a supervisor.

c. Social Workers must have at least three years of post-MSW supervised experience in providing psychotherapy before qualifying as supervisors themselves.

3. **Case Summaries** – The "P" requires all applicants to submit in duplicate two case summaries to be reviewed by the Board. Guidelines are included with the application materials. "R" candidates must submit two case summaries only when any portion of submitted experience was under peer supervision or non-facility group supervision.

The following requirements differ for the three-year and six-year qualifications:

1. **Employment Setting** - Facility experience may *not* be combined with non-facility experience to fulfill the three-year time requirement for the "P". The three years submitted must all be in either a facility practice or a private practice. However, the six-year law *does* allow for either facility practice or private practice or a combination thereof to be submitted for the "R".

2. **Length of Employment** – The "P" requires three years of full-time experience or its equivalent of part-time experience to be submitted to and approved by the State Board. Full time is considered to be at least 20 hours per week of direct client contact. A session of at least 45 minutes is considered to be one hour of direct client contact, whether it is individual, group or family therapy. A full year is considered to be 48 weeks allowing for four weeks vacation time. The minimum time requirement is half-time, that is, 10 hours per week of direct client contact.

   The "R" requires six years of full-time experience or its equivalent of part-time experience to be submitted to and approved by the State Board. Full-time is considered to be 20 hours per week of direct client contact. As in the three-year qualification, a 45-minute session is considered to be one hour of direct client contact, and a full year is considered to be 48 weeks allowing for four weeks vacation time. During the first 36 months submitted, the minimum client contact is 10 hours per week. Thereafter, client contact must be no less than 400 hours during any 12-month period submitted. During the first 36 months, client contact averaging less than 20 hours per week, but at least 10 hours per week, will be calculated as part-time,i.e., 10/20, 15/20, etc. After the first 36 months, every month and client contact hour will be counted, so long as the 400 hours per year minimum is reached, until a total of 2400 hours of direct client contact and 36 more months have been accepted.

§6510. Proceedings in cases of professional misconduct

In cases of professional misconduct the proceedings shall be as follows:

1. Preliminary procedures.
   a. Complaint. A complaint of a licensee's professional misconduct may be made by any person to the education department.
   b. Investigation. The department shall investigate each complaint which alleges conduct constituting professional misconduct. The results of the investigation shall be referred to the professional conduct officer designated by the board of regents pursuant to section sixty-five hundred six of this article. If such officer decides that there is not substantial evidence of professional misconduct or that further proceedings are not warranted, no further action shall be taken. If such officer, after consultation with a professional member of the applicable state board for the profession, determines that there is substantial evidence of professional misconduct, and that further proceedings are warranted, such proceedings shall be conducted pursuant to this section. If the complaint involves a question of professional expertise, then such officer may seek, and if so shall obtain, the concurrence of at least two members of a panel of three members of the applicable board.
   c. Charges. In all disciplinary proceedings other than those terminated by an administrative warning pursuant to paragraph a of subdivision two of this section, the department shall prepare the charges. The charges shall state the alleged professional misconduct and shall state concisely the material facts but not the evidence by which the charges are to be proved.
   d. Service of charges and of notice of hearing. A copy of the charges and notice of any hearing pursuant to subdivision two or three of this section shall be served on the licensee personally by the department at least fifteen days before the hearing. If personal service cannot be made after due diligence and such fact is certified under oath, a copy of the charges and the notice of hearing shall be served by certified mail, return receipt requested to the licensee's last known address by the department at least twenty days before the hearing.

2. Expedited procedures.

a. Violations. Violations involving professional misconduct of a minor or technical nature may be resolved by expedited procedures as provided in paragraph b or c of this subdivision. For purposes of this subdivision, violations of a minor or technical nature shall include, but shall not be limited to, isolated instances of violations concerning professional advertising or record keeping, and other isolated violations which do not directly affect or impair the public health, welfare or safety. The board of regents shall make recommendations to the legislature on or before June first, nineteen hundred eighty-one, for the further definition of violations of a minor or technical nature. The initial instance of any violation of a minor or technical nature may be resolved by the issuance of an administrative warning pursuant to paragraph b of this subdivision. Sub sequent instances of similar violations of a minor or technical nature within a period of three years may be resolved by the procedure set forth in paragraph c of this subdivision.

b. Administrative warning. If a professional conduct officer, after consultation with a professional member of the state board, determines that there is substantial evidence of professional misconduct but that it is an initial violation of a minor or technical nature which would not justify the imposition of a more severe disciplinary penalty, the matter may be terminated by the issuance of an administrative warning. Such warnings shall be confidential and shall not constitute an adjudication of guilt or be used as evidence that the licensee is guilty of the alleged misconduct. However, in the event of a further allegation of similar misconduct by the same licensee, the matter may be reopened and further proceedings instituted as provided in this section.

c. Determination of penalty on uncontested minor violations. If a professional conduct officer, after consultation with a professional member of the state board, determines that there is substantial evidence of a violation of a minor or technical nature, and of a nature justifying a penalty as specified in this paragraph, the department may prepare and serve charges either by personal service or by certified mail, return receipt requested. Such charges shall include a statement that unless an answer is received within twenty days denying the charges, the matter shall be referred to a violations committee consisting of five members of the state board for the profession, at least one of whom shall be a public representative for determination. The violations panel shall be appointed by the executive secretary of the state board. The licensee shall be given at least fifteen days notice of the time and place of the meeting of the violations committee and shall have the right to appear in person and by an attorney and to make a statement to the committee in mitigation or explanation of the misconduct. The department may appear and make a statement in support of its position. The violations committee may issue a censure and reprimand, and in addition, or in the alternative, may impose a fine not to exceed five hundred dollars for each specification of minor, or technical misconduct. If the fine is not paid within three months the matter may be reopened and shall be subject to the hearing and regents decision procedures of this section. The determination of the panel shall be final and shall not be subject to the regents decision procedures of this section. If an answer is filed denying the charges, the matter shall be processed as provided in subdivision three of this section.

d. Convictions of crimes or administrative violations. In cases of professional misconduct based solely upon a violation of subdivision five of section sixty-five hundred nine of this article, the professional conduct officer may prepare and serve the charges and may refer the matter directly to a regents review committee for its review and report of its findings, determination as to guilt, and recommendation as to the measure of discipline to be imposed. In such cases the notice of hearing shall state that the licensee may file a written answer or brief; that the licensee may appear personally before the regents review committee and may be represented by counsel, and the notice may contain such other information as may be considered appropriate by the department. In lieu of referring the matter to the board of regents, the regents review committee may refer any such matter for further proceedings pursuant to paragraph b or c of this subdivision or subdivision three of this section.

3. Adversary proceedings. Cortested disciplinary proceedings and other disciplinary proceedings not resolved pursuant to subdivision two of this section shall be tried before a hearing panel of the appropriate state board as provided in this subdivision.

a. Notice of hearing. The department shall set the time and place of the hearing and shall prepare the notice of hearing. The notice of hearing shall state (1) the time and place of the hearing, (2) that

the licensee may file a written answer to the charges prior to the hearing, (3) that the licensee may appear personally at the hearing and may be represented by counsel, (4) that the licensee shall have the right to produce witnesses and evidence in his behalf, to cross-examine witnesses and examine evidence produced against him, and to issue subpoenas in accordance with the provisions of the civil practice law and rules, (5) that a stenographic record of the hearing will be made, and (6) such other information as may be considered appropriate by the department.

b. Hearing panel. The hearing shall be conducted by a panel of five or more members of the applicable state board for the profession, at least one of whom shall be a public representative. The executive secretary for the applicable state board shall appoint the panel and shall designate its chairperson. In addition to said panel members, the department shall designate an administrative officer, admitted to practice as an attorney in the state of New York, who shall have the authority to rule on all motions, procedures and other legal objections and shall draft a report for the hearing panel which shall be subject to the approval of and signature by the panel chairperson on behalf of the panel. The administrative officer shall not be entitled to a vote.

c. Conduct of hearing. The evidence in support of the charges shall be presented by an attorney for the department. The licensee shall have the rights required to be stated in the notice of hearing. The panel shall not be bound by the rules of evidence, but its determination of guilt shall be based on substantial legal evidence. A hearing which has been initiated shall not be discontinued because of the death or incapacity to serve of one member of the hearing panel.

d. Results of hearing. The hearing panel shall render a written report which shall include (1) findings of fact, (2) a determination of guilty or not guilty on each charge, and (3) in the event of a determination of guilty, a recommendation of the penalty to be imposed. For the panel to make a determination of guilty, a minimum of four of the voting members of the panel must vote for such a determination. A copy of the report of the hearing panel shall be transmitted to the licensee.

4. Regents decision procedures.

a. Regents review committee. The transcript and report of the hearing panel shall be reviewed at a meeting by a regents review committee appointed by the board of regents. The regents review committee shall consist of three members, at least one of whom shall be a regent.

b. Regents review committee meetings. The review shall be based on the transcript and the report of the hearing panel. The licensee may appear at the meeting, and the regents review committee may require the licensee to appear. The licensee may be represented by counsel. The department shall notify the licensee at least seven days before the meeting (1) of the time and place of the meeting, (2) of his right to appear, (3) of his right to be represented by counsel, (4) whether or not he is required to appear, and (5) of such other information as may be considered appropriate. After the meeting, the regents review committee shall transmit a written report of its review to the board of regents. In cases referred directly to the regents review committee pursuant to paragraph d of subdivision two of this section, the review shall be based upon the charges, the documentary evidence submitted by the department, and any answer, affidavits or brief the licensee may wish to submit.

c. Regents decision and order. The board of regents (1) shall consider the transcript, the report of the hearing panel, and the report of the regents review committee, (2) shall decide whether the licensee is guilty or not guilty on each charge, (3) shall decide what penalties, if any, to impose as prescribed in section sixty-five hundred eleven of this article, and (4) shall issue an order to carry out its decisions. Such decisions shall require the affirmative vote of a majority of the members of the board of regents. If the board of regents disagrees with the hearing panel's determination of not guilty, it shall remand the matter to the original panel for reconsideration or to a new panel for a new hearing. The panel's determination of not guilty on reconsideration or a new hearing shall be final. The order shall be served upon the licensee personally or by certified mail to the licensee's last known address and such service shall be effective as of the date of the personal service or five days after mailing by certified mail. The licensee shall deliver to the department the license and registration certificate which has been revoked, annulled, suspended, or surrendered within five days after the effective date of the service of the order. If the license or registration certificate is lost, misplaced or its whereabouts is otherwise unknown, the licensee shall

submit an affidavit to that effect, and shall deliver such license or certificate to the department when located.

5. Court review procedures. The decisions of the board of regents may be reviewed pursuant to the proceedings under article seventy-eight of the civil practice law and rules. Such proceedings shall be returnable before the appellate division of the third judicial department, and such decisions shall not be stayed or enjoined expect upon application to such appellate division after notice to the department and to the attorney general and upon a showing that the petitioner has a substantial likelihood of success.

6. The provisions of subdivisions one through four of this section shall not be applicable to proceedings in cases of professional misconduct involving the medical profession.

7. Notwithstanding any other provisions of the law, persons who assist the department as consultants or expert witnesses in the investigation or prosecution of alleged professional misconduct, licensure matters, restoration proceedings, or criminal prosecutions for unauthorized practice, shall not be liable for damages in any civil action or proceeding as a result of such assistance, except upon proof of actual malice. The attorney general shall defend such persons in any such action or proceeding, in accordance with section seventeen of the public officers law.

8. The files of the department relating to the investigation of possible instances of professional misconduct, or the unlawful practice of any profession licensed by the board of regents, or the unlawful use of a professional title or the moral fitness of an applicant for a professional license or permit, shall be confidential and not subject to disclosure at the request of any person, except upon the order of a court in a pending action or proceeding. The provisions of this subdivision shall not apply to documents introduced in evidence at a hearing held pursuant to this chapter and shall not prevent the department from sharing information concerning investigations with other duly authorized public agencies responsible for professional regulation or criminal prosecution.

§6510-a. Proceedings in cases of professional misconduct involving the medical profession

1. Prehearing procedures, hearing procedures and summary action procedures. Prehearing procedures, hearing procedures and summary action procedures in cases of professional misconduct involving the medical profession shall be conducted pursuant to the provisions of Title II-A of article two of the public health law.

Within sixty days of the transfer of a case of professional misconduct involving the medical profession by the commissioner of health pursuant to section two hundred thirty of the public health law, the board of regents (a) shall consider the transcript, exhibits and other evidence, if any, the findings, conclusions and recommendation of the committee on professional mis conduct and the recommendation of the commissioner of health, (b) shall decide whether the licensee is guilty or not guilty on each charge, (c) shall decide what penalties, if any, to impose as prescribed in section sixty-five hundred eleven of this article, and (d) shall issue an order to carry out its decisions. Such decisions shall require the affirmative vote of a majority of the members of the board.

3. Time limitations.

a. No failure to comply with a provision of this section requiring that a specified action shall be taken within a specified period of time shall affect the validity of the action taken.

b. The time limitations specified in this section for the completion of specified actions may be extended, upon application of a licensee or his attorney, for good cause shown, upon application made prior to the expiration of such time limitations.

4. Court review procedures. The decisions of the board of regents may be reviewed pursuant to the proceedings under article seventy-eight of the civil practice law and rules. Such proceedings shall be returnable before the appellate division of the third judicial department, and such decisions shall not be stayed or enjoined except upon application to such appellate division after notice to the attorney general.

§6510-b. Temporary surrender of licenses during treatment for drug or alcohol abuse

1. The license and registration of a licensee who may be temporarily incapacitated for the active practice of a profession licensed pursuant to title eight of this chapter, except professionals licensed pursuant to article one hundred thirty-one or article one hundred thirty-one-b thereof, and whose alleged incapacity is the result of a problem of drug or alcohol abuse which has not resulted in harm to a patient or client, may be voluntarily surrendered to the department, which may accept and hold such license during the period of such alleged incapacity or the department may accept the

surrender of such license after agreement to conditions to be met prior to the restoration of the license. The department shall give written notification of such surrender to the licensing authorities of any other state or country in which the licensee is authorized to practice. In addition to the foregoing, the department shall also give written notification of such surrender, for professionals licensed pursuant to articles one hundred thirty-two, one hundred thirty-three, one hundred thirty-five, one hundred thirty-seven, one hundred thirty-nine and one hundred forty-one of this chapter to the commissioner of health or his designee, and where appropriate to each hospital at which the professional has privileges, is affiliated, or is employed. The licensee whose license is so surrendered shall notify all persons who request professional services that he or she has temporarily withdrawn from the practice of the profession. The department may provide for similar notification of patients or clients and of other interested parties, as appropriate under the circumstances of the professional practice and responsibilities of the licensee. The licensure status of such licensee shall be "inactive" and he or she shall not be authorized to practice the profession and shall refrain from practice in this state or in any other state or country. The voluntary surrender shall not be deemed to be an admission of disability or of professional misconduct, and shall not be used as evidence of a violation of subdivision three or four of section sixty-five hundred nine of this chapter, unless the licensee practices while the license is "inactive"; and any such practice shall constitute a violation of subdivision eight of said section. The surrender of a license under this subdivision shall not bar any disciplinary action except action based solely upon the provisions of subdivision three or four of section sixty-five hundred nine of this chapter; and only if no harm to a patient has resulted; and shall not bar any civil or criminal action or proceeding which might be brought without regard to such surrender. A surrendered license shall be restored upon a showing to the satisfaction of the department that the licensee is not incapacitated for the active practice of the profession, provided that the department may, by order of the commissioner, impose reasonable conditions on the licensee, if it determines that because of the nature and extent of the licensee's former incapacity, such conditions are necessary to protect the health, safety and welfare of the public. Prompt written notification of such restoration shall be given to all licensing bodies which were notified of the temporary surrender of the license.

2. There shall be appointed within the department, by the board of regents, a committee on drug and alcohol abuse, which shall advise the board of regents on matters relating to practice by professional licensees with drug or alcohol abuse problems, and which shall administer the provisions of this section. The board of regents shall determine the size, composition, and terms of office of such committee, a majority of the members of which shall recommend to the board of regents such rules as are necessary to carry out the purposes of this section, including but not limited to procedures for the submission of applications for the surrender of a license and for the referral of cases for investigation or prosecution pursuant to section sixty- five hundred ten of this chapter if a licensee fails to comply with the conditions of an approved program of treatment. There shall be an executive secretary appointed by the board of regents to assist the committee. Determinations by the committee relating to licensees shall be made by panels of at least three members of the committee designated by the executive secretary, who shall also designate a member of the state board for the licensee's profession as an ex-officio nonvoting member of each panel.

3. Application for the surrender of a license pursuant to this section shall be submitted to the committee, and shall identify a proposed treatment or rehabilitation program, and shall include a consent to the release of all information concerning the licensee's treatment to the committee. All information concerning an application, other than the fact of the surrender of the license and the participation in the program and the successful completion or failure of or withdrawal from the program, shall be strictly confidential, and may not be released by the committee to any person or body without the consent of the licensee. The immunity from disciplinary action conferred by this section shall be conditioned upon the approval of the treatment or rehabilitation program by the committee and its successful completion by the applicant and the elimination of the incapacity to practice. Approval of a treatment or rehabilitation program by the committee shall not constitute a representation as to the probability of success of the program or any assumption of financial responsibility for its costs.

4. The immunity from disciplinary action conferred by this section may be revoked by the committee upon finding that the licensee has failed to successfully complete the program or that the incapacity to practice has not been eliminated. Such revocation shall be made only after notice and an opportunity to be heard, but no adjudicatory hearing shall be required. The matter shall be referred for appropriate proceedings pursuant to section sixty-five hundred ten of this chapter. The license must be returned unless charges are served

pursuant to section sixty-five hundred ten within thirty days after the revocation of the approval of the special treatment afforded by this section.

5. The commissioner is authorized to adopt regulations to carry out the purposes of this section, including but not limited to the notice of temporary inactive status to be required in different professions and practice situations and the measures required upon temporary withdrawal from practice.

6. No individual who serves as a member of a committee whose purpose is to confront and refer either to treatment or to the department licensees who are thought to be suffering from alcoholism or drug abuse shall be liable for damages to any person for any action taken by such individual provided such action was taken without malice and within the scope of such individual's function as a member of such committee, and provided further that such committee has been established by and functions under the auspices of an association or society of professionals authorized to practice under this title.

§6511. Penalties for professional misconduct

The penalties which may be imposed by the board of regents on a present or former licensee found guilty of professional misconduct (under the definitions and proceedings prescribed in sections sixty-five hundred nine, sixty-five hundred ten and sixty-five hundred ten-a of this article) are: (1) censure and reprimand, (2) suspension of license, (a) wholly, for a fixed period of time; (b) partially, until the licensee successfully completes a course of retraining in the area to which the suspension applies; (c) wholly, until the licensee successfully completes a course of therapy or treatment prescribed by the regents; (3) revocation of license, (4) annulment of license or registration, (5) limitation on registration or issuance of any further license, (6) a fine not to exceed ten thousand dollars, upon each specification of charges of which the respondent is determined to be guilty, (7) a requirement that a licensee pursue a course of education or training, and (8) a requirement that a licensee perform up to one hundred hours of public service, in a manner and at a time and place as directed by the board. The board of regents may stay such penalties in whole or in part, may place the licensee on probation and may restore a license which has been revoked. Any fine imposed pursuant to this section or pursuant to subdivision two of section sixty-five hundred ten of this article may be sued for and recovered in the name of the people of the state of New York in an action brought by the attorney general. In such action the findings and determination of the board of regents or of the violations committee shall be admissible evidence and shall be conclusive proof of the violation and the penalty assessed.

§6511-a. Probation for professional misconduct involving physicians, physician's assistants and specialists' assistants

The order of the board of regents imposing probation in professional misconduct cases involving physicians, physician's assistants and specialists' assistants may include (a) a review of the professional performance of the licensee by randomly selecting office records, patient records and hospital charts, (b) quarterly visits by the licensee to a member of the state board for professional medical conduct or an employee of the office of professional medical conduct, (c) appointing another physician to monitor the licensee's practice, (d) auditing of the licensee's billings for services rendered during probation, (e) requiring the licensee to submit on a random basis to tests for the presence of alcohol or drugs, (f) requiring the licensee to obtain additional training prior to completion of the probation, (g) requiring the licensee to work in a supervised setting, and (h) such additional requirements as may be specified by the board of regents pursuant to regulation. The decision and order of the board of regents placing a licensee on probation shall set forth the specific terms and conditions of the probation. The commissioner of health is authorized to monitor physicians, physician's assistants and specialists' assistants who have been placed on probation pursuant to an order of the board of regents. If the board of regents determines a licensee has violated any term or condition of probation, they may impose any additional penalty authorized pursuant to section sixty-five hundred eleven of this article.

SUBARTICLE 4. UNAUTHORIZED ACTS

§6512. Unauthorized practice a crime

1. Anyone not authorized to practice under this title who practices or offers to practice or holds himself out as being able to practice in any profession in which a license is a prerequisite to the practice of the acts, or who practices any profession as an exempt person during the time when his professional license is suspended, revoked or annulled, or who aids or abets an unlicensed person to practice a profession, or who fraudulently sells, files, furnishes, obtains, or who attempts fraudulently to sell, file, furnish or obtain any diploma, license, record or permit purporting to authorize the practice of a profession, shall be guilty of a class E felony.

2. Anyone who knowingly aids or abets three or more unlicensed persons to practice a profession or employs or holds such unlicensed persons out as being able to practice in any profession in which a license is a prerequisite to the practice of the acts, or who knowingly aids or abets three or more persons to practice any profession as exempt persons during the time when the professional licenses of such persons are suspended, revoked or annulled, shall be guilty of a class E felony.

§6513. Unauthorized use of a professional title a crime

1. Anyone not authorized to use a professional title regulated by this title, and who uses such professional title, shall be guilty of a class A misdemeanor.

2. Anyone who knowingly aids or abets three or more persons not authorized to use a professional title regulated by this title, to use such professional title, or knowingly employs three or more persons not authorized to use a professional title regulated by this title, who use such professional title in the course of such employment, shall be guilty of a class E felony.

§6514. Criminal proceedings

1. All alleged violations of sections sixty-five hundred twelve or sixty-five hundred thirteen of this article shall be reported to the department which shall cause an investigation to be instituted. If the investigation substantiates that violations exist, such violations shall be reported to the attorney general with a request for prosecution.

2. The attorney general shall prosecute such alleged offenses in the name of the state, provided, however, in the event of alleged violations of article one hundred fifty-five of this title occurring in cities with a population of one million or more, a district attorney may prosecute such alleged offenses in the name of the state provided, however, that any district attorney may prosecute such offenses where they are incidental to a criminal prosecution instituted by him under other statutes.

3. All criminal courts having jurisdiction over misdemeanors are hereby empowered to hear, try and determine alleged violations under this title, which constitute misdemeanors, without indictment and to impose applicable punishment of fines or imprisonments or both. It shall be necessary to prove in any prosecution under this title only a single prohibited act or a single holding out without proving a general course of conduct.

4. A proceeding before a committee on professional conduct shall not be deemed to be a criminal proceeding within the meaning of this section.

§6515. Restraint of unlawful acts

Where a violation of this title is alleged to have occurred, the attorney general or, in the event of alleged violations of article one hundred fifty-five of this title occurring in cities having a population of one million or more, the corporation counsel may apply to the supreme court within the judicial district in which such violation is alleged to have occurred for an order enjoining or restraining commission or continuance of the unlawful acts complained of. The court shall have jurisdiction of the proceedings and shall have power to grant such temporary relief or restraining order as it deems just and proper. In any such proceeding it shall be necessary to allege or prove that an adequate remedy at law does not exist or that irreparable damage would result if such order were not granted. The remedy provided in this section shall be in addition to any other remedy provided by law or to the proceedings commended against a licensee under this title.

Section 4508
PRIVILEGED COMMUNICATION

Social Worker. A person duly registered as a certified social worker under the provisions of article one hundred fifty-four of the education law shall not be required to disclose a communication made by his client to him, or his advice given thereon, in the course of his professional employment, nor shall any clerk, stenographer or other person working for the same employer as the certified social worker or for the certified social worker be allowed to disclose any such communication or advice given thereon; except

1. that a certified social worker may disclose such information as the client may authorize;

2. that a certified social worker shall not be required to treat as confidential a communication by a client which reveals the contemplation of a crime or harmful act;

3. where the client is a child under the age of sixteen and the information acquired by the certified social worker indicates that the client has been the victim or subject of a crime, the certified social worker may be required to testify fully in relation thereto upon any examination, trial or other proceeding in which the commission of such crime is a subject of inquiry.

4. where the client waives the privilege by bringing charges against the certified social worker pursuant to section sixty-five hundred nine of the education law where such charges involve confidential communication between the client and certified social worker.

THE REGULATIONS OF THE COMMISSIONER OF EDUCATION
PART 59
GENERAL PROVISIONS

Section 59.1 Applicability. (a) As used in this Subchapter, license shall mean a permanent authorization, issued pursuant to Title VIII of the Education Law, to practice a profession or to use a professional title.

(b) The provisions of this Part shall apply to admission to the licensing examination and to the issuance of licenses in each of the professions supervised by the Board of Regents except as may otherwise be provided in this Subchapter with respect to specific professions.

59.2 Education requirements. (a) An applicant for a professional license shall satisfy all education requirements before being admitted to a professional licensing examination, except that the Committee on the Professions may accept professional examination grades earned in another state or jurisdiction of the United States prior to completion of professional education if the applicant was licensed in that jurisdiction on the basis of said examination and both the grades and the examination satisfy requirements in this State. Education requirements for a professional license shall include any preprofessional education or experience required as a prerequisite for admission to a registered program of professional education. The department, in its discretion, may accept in satisfaction of a professional education requirement the completion of an approved or registered program or a program accredited by a professional accreditation organization acceptable to the department. The department, in its discretion, may also accept graduation by a transfer student from such a program provided such student has completed not less than the final year of professional education in such program subsequent to the date of approval, registration or accreditation of the program and approval of the accrediting organization by the department. The department may accept graduation by a transfer student from an unaccredited program of professional education provided such student satisfies the educational requirements of statute and regulation in accordance with this Part and as otherwise provided in this Subchapter with respect to the specific profession and further provided that such student completes not less than the final year in the unaccredited program to which he has transferred.

(b) Education and experience required for the issuance of a license or limited permit shall have been performed in accordance with all requirements of the jurisdiction in which it took place. The department may require contemporaneous evidence of the education and/or experience required for the issuance of a license or limited permit.

59.3 English proficiency requirement. An applicant for licensure whose application is based upon credit granted for the completion of courses of study in a country where English is not the principal language spoken shall demonstrate proficiency in English by passing an examination in English proficiency acceptable to the department or by passing a licensing examination acceptable to the department given in English.

59.4 Citizenship or immigration status requirements. In those professions where citizenship or immigration status is required for licensure, an applicant shall submit evidence satisfactory to the department of compliance with such requirement.

59.5 Professional examinations. (a) The department may develop its own examinations or may select in whole or in part examinations developed or administered by other organizations. Unless specifically authorized by the department, no examination shall be deemed acceptable which has been used in its entirety during the five years previous to the current administration.

(b) Applications for admission to a licensing examination including all required fees shall be completed and filed not less than 60 days prior to the examination. When the department finds that the application is complete and that the requirements for admission to an examination have been met, it will issue to the applicant an admission card which will include the date, time and place of the examination and entitle the applicant to admission thereto. If an application is denied or withdrawn in a timely manner, an applicant may obtain a refund of the first registration fee and a partial refund not exceeding fifty percent of the licensing fee. A request for such a refund shall be made in writing. Re-application after receipt of a refund may be accepted only upon payment in full of all fees specified.

(c) For the purpose of identification for admission to the examination, the applicant shall present the current admission card with a photograph attached and, at the conclusion of the examination, return the card to the department representative conducting the examination. A candidate shall permit fingerprints to be taken during each part of an examination.

(d) Licensing examinations shall be held at times and places determined by the commissioner and conducted under the following conditions. Any candidate violating such conditions may be dismissed from the examination by the department representative, and the examination paper of such candidate shall be deemed a failure. At the discretion of the department, such candidate may be denied admission to subsequent licensing examinations.

(1) No candidate shall enter any examination more than 45 minutes after the scheduled admission time, nor shall any candidate leave the examination until 60 minutes have elapsed from the scheduled admission time. No candidate shall leave a department administered practical or clinical examination until dismissed by the chief examiner.

(2) Compensatory time may be granted candidates arriving late for an examination, at the discretion of the department.

(3) A candidate shall not obtain unauthorized possession of examination materials.

(4) During the examination, no candidate shall give or receive help, or communicate with any other candidate in any way, except upon the express permission of the department representative.

(5) A candidate shall bring into the examination room only such books and other materials as are indicated on the admission card and permitted by the department.

(6) A candidate shall not remove from the examination room any of the materials provided for an examination, and shall not reproduce or reconstruct any portion of the examination or answer paper, or aid in such reproduction or reconstruction by any means, unless authorized by the department. Such materials include examination booklets, individual examination questions, answer sheets or score sheets, instructions and any reference tables or papers which were provided by the department and which may have been used in the course of the examination.

(e) Papers will be scored and candidates notified of success or failure by the department or its designee. If the candidate has failed, the department will advise when and on what basis the candidate may be reexamined.

(f) The passing score in each component of each part of the licensing examination shall be determined as provided by law and shall be computed without rounding. Unless otherwise provided in the regulations pertaining to a specific profession, a candidate may retain credit for scores earned on examination parts for a period not to exceed five years from the examination date. A candidate who is reexamined in a part already passed shall not retain credit for such part from earlier examinations. In those professions which use national or regional examinations, this subdivision shall apply whether or not the examination is taken in the State of New York.

(g) In those professions where reviews of examination papers are permitted, candidates will be allowed to review only those parts of the examination which they failed with a score of 65 or higher, except in those professions which permit candidates to pass on average. A request for review of an examination paper or score may be made in writing to the executive secretary of the appropriate state board not later than 30 days after examination grades are released by the department. Such request shall include detailed reasons justifying the review requested. A candidate shall not remove from the reviewing site any of the materials provided for the review of an examination given previously, and shall not reproduce or reconstruct any portion of the examination or the answer paper, or aid in such reproduction or reconstruction by any means, unless authorized by the department. No one other than the candidate will be permitted access to examination materials. Where examinations are offered under contract with testing agencies, reviews shall be consistent with these contracts, where applicable. All reviews shall be conducted at sites selected and supervised by the department or an authorized testing agency.

(h) After July 1, 1984, an applicant who has been admitted to a professional licensing examination conducted by the department and subsequently fails to appear for such an examination twice shall forfeit any remaining fee credits for that examination. The applicant, upon subsequently applying for readmission to that examination, shall pay all required admission fees.

59.6 License by endorsement. An applicant for endorsement of a license issued by another jurisdiction shall establish that the applicant:

(a) meets all requirements of section 6506 (6) of the Education Law;

(b) has had satisfactory professional experience of at least two years following initial licensure, unless a different period is provided in the regulations pertaining to a particular profession;

(c) has not attempted unsuccessfully a licensing examination used by the State of New York either prior to or after making application for licensure by endorsement, unless such applicant has later passed a comparable licensing examination.

59.7 Licenses and initial registrations. When the candidate fulfills all requirements for licensure, the department shall issue a first registration certificate and a license. The first registration shall be for the remainder of the applicable registration period, except that those persons initially licensed during the last four months of a registration period shall be registered for the succeeding registration period without an additional fee.

59.8 Registration for professional practice. (a) Each licensee shall be responsible for registering with the department. Failure to register shall subject the practitioner to the late fee set forth in section 6502 (3) of the Education Law. Any practitioner who willfully refuses to register shall be subject to the penalties set forth in section 6511 of such law.

(b) A licensee not practicing or using a restricted title in New York State or an individual practicing only in a setting which is exempt from licensure in accordance with law may allow registration to lapse without being subject to the late fee set forth in section 6502 of the Education Law, by notifying the department of their cessation of practice or exemption in the state. At such time as the licensee may choose to resume practice or enter practice in a non-exempt setting in New York State, a registration certificate may be issued upon the filing of a proper application and the payment of the required registration fee.

(c) Registration certificates shall be conspicuously displayed by each licensee in each office in which the profession is practiced. In instances where licensees regularly practice at more than one professional office, registration certificates shall be obtained for each office bearing the licensee's name and the exact address of each such office upon making proper application to the department and submitting a fee. Where practice is carried on in other than individual offices, each licensee shall have a current registration certificate available for inspection at all times.

17.7 Violation of probation. (a) Upon the receipt of information indicating that the respondent may be in violation of any of the terms or conditions of respondent's probation, the department shall conduct an investigation.

(b) The executive director of the Office of Professional Discipline shall review the results of the investigation and if the executive director determines that a violation of probation proceeding is warranted, the executive director shall give notice to the respondent, by letter, of the facts forming the basis of the alleged violation of respondent's probation. The respondent, in said letter, shall be requested to indicate whether there is any dispute as to the facts, and shall be informed that if respondent disputes any of the facts the respondent shall be entitled to a hearing thereon.

(c) If the respondent does not dispute the facts forming the basis of the alleged violation of probation, the matter shall be submitted to the Regents Review Committee for its review and recommendation(s) as to whether, based upon the undisputed facts, there has been a violation of

the terms or conditions of respondent's probation and, if so, as to the measure of discipline to be imposed upon the respondent.

(d) If the respondent disputes any of the facts forming the basis of the alleged violation of probation, the respondent shall be afforded a hearing before a hearing officer appointed by the commissioner to hear and make findings of fact, conclusions of law and recommendation(s). The department shall give the respondent at least 10 days' notice of the hearing, 15 if by mail. The evidence in support of the application shall be presented by counsel on behalf of the department and the respondent shall also have the right to be represented by counsel. A violation of probation shall constitute unprofessional conduct, and may constitute the basis for proceedings under either the provisions of section 6510 of the Education Law or of this Part.

17.8 Hearing panel; administrative officers. Findings of fact, recommendations as to penalties to be imposed, and any other actions taken by a hearing panel in disciplinary proceedings, except as hereinafter set forth, shall be made by majority vote. Any determination of guilt shall require a minimum of a four fifths vote of the hearing panel. An administrative officer, admitted to practice as an attorney in the State of New York, shall rule on all motions, procedures and other legal objections, and draft a report which shall reflect the determination and recommendation of the panel and be subject to the approval of and signature by the panel chairperson on behalf of the panel. The administrative officer shall not be entitled to a vote.

17.9 Summary suspensions. (a) If the executive director of the Office of Professional Discipline or that officer's designee believes that the public health, safety or welfare imperatively requires emergency action against a professional license, certificate, registration, permit or other authorization of the licensee to practice under title VIII of the Education Law, the executive director or the director's designee may make an application, on behalf of the department, to the Board of Regents for the summary suspension of said authorization pending the prompt institution prosecution and completion of formal disciplinary proceedings as provided under section 6510 of the Education Law.

(b) Summary suspension proceedings shall be commenced by the service on the licensee of a notice of hearing and a verified petition. The notice of hearing shall state the time and place of oral argument on the application for summary suspension and the regent designated by the chancellor to hear the matter, and shall include a copy of this rule. The notice of hearing and petition shall be personally served upon the licensee no later than five days prior to the date set for oral argument. If personal service cannot be made after due diligence, the notice of hearing and petition may be served by certified mail, to the licensee's last known address, not less than eight days prior to the date set for oral argument. The petition shall set forth the basis for the application and shall include sworn statements upon personal knowledge and/or exhibits demonstrating probable cause to believe that respondent has committed professional misconduct and that the public health, safety or welfare imperatively requires emergency action to summarily suspend respondent's license. A verified answer and any sworn statements and supporting exhibits may be served by respondent upon the executive director of the Office of Professional Discipline or that officer's designee no later than two days prior to the date set for oral argument. The executive director or designee may serve a verified reply, together with any sworn statement and supporting exhibits, to the answer no later than the day prior to the date of oral argument. The answer and/or reply may be served by certified mail by mailing to the addressee no later than three and two days, respectively, prior to the date set for oral argument. The petition, answer and re-

ply, together with any sworn statement and supporting exhibits, shall be transmitted at the time of service of each paper to the regent designated to hear the case. Saturdays, Sundays and legal holidays shall be excluded in calculating the periods of time set forth in this subdivision.

(c) At the oral argument, the Office of Professional Discipline and respondent and/or his or her attorney shall have the right to be heard, but no testimony shall be taken and no transcript of oral arguments shall be required. No further papers shall be submitted at the oral argument except by permission of the regent designated to conduct the proceeding.

(d) The regent designated by the chancellor to conduct the proceeding shall submit a written report of his or her conclusions and recommendation(s) to the Board of Regents, which shall determine whether to grant or deny the application for summary suspension. A determination by the Board of Regents granting the application must be based upon a finding that the public health, safety or welfare imperatively requires emergency action.

(e) Any determination of the Board of Regents shall be without prejudice to the department or licensee in any subsequent formal disciplinary proceeding.

PART 24
COMMITTEE ON THE PROFESSIONS

Section 24.1 The Committee on the Professions shall consist of three department officers designated by the Board of Regents pursuant to Section 6506 (10) of the Education Law.

24.2 The Committee on the Professions shall review and make recommendations or determinations in licensing matters as provided in this Part or pursuant to referrals from the Board of Regents.

24.3 The Committee on the Professions shall review and determine questions of the preprofessional or professional education of applicants for licensure or other authorizations to practice in accordance with the following standards:

(2) The Committee on the Professions may accept postsecondary study satisfactory to the department and performed after completion of professional study requirements in lieu of a maximum of 30 semester hours of required preprofessional study.

(b) Professional education. As the equivalent of a professional program registered by the department, the Committee on the Professions may accept a professional program which is:

(1) offered by an institution accredited by an accrediting organization acceptable to the department or recognized by the appropriate civil authorities of the country in which the school is located as an acceptable program of preparation for professional practice; and

(2) designed and conducted by the degree-granting institution to prepare graduates for the professional practice of the profession in the state or country in which the institution is located; and

(3) demonstrated to be the substantial equivalent in scope, content, and resources to a program meeting the requirements established by Part 52 of this Title for the registration of a professional licensure qualifying program in the State.

24.4 The Committee on the Professions may review and determine appeals from licensing determinations of the department staff relating to education or experience requirements if the chairman of the Committee determines that the appeal involves a substantial or novel question which should be reviewed by the Committee.

24.5 The Committee on the Professions shall review and determine appeals pursuant to section 18.7 of this Chapter relating to the voluntary surrender and restoration of licenses.

24.6 The Committee on the Professions shall review and determine questions of moral character in accordance with the provisions of Part 28 of this Chapter.

24.7 The Committee on the Professions shall review and submit its recommendation to the Board of Regents for final determinations in the following cases:

(b) petitions for restoration of a professional license which has been revoked or surrendered pursuant to Education Law, sections 6510 or 6510-a. At least one year shall have elapsed from the date of service of the order of revocation, acceptance of surrender, or denial of a prior application for restoration or reinstatement by vote of the Board of Regents, for the acceptance by the department of a petition to the Board of Regents for restoration of a license or certificate, except that a period of time during which the license was suspended during the pendency of the discipline proceeding may reduce the one year waiting period. This section shall not apply to restoration of licenses which have been temporarily surrendered pursuant to Education Law section 6510-b or Public Health Law section 230, subdivision 13.

(1) Materials submitted in response to the Committee on the Professions' recommendation to the Board of Regents shall be filed no later than 15 days following the

(2) If an applicant has failed to remain current with developments in the profession, and a substantial question is presented as to the applicant's current fitness to enter into the active practice of the profession, the Board of Regents may require that the applicant take and obtain satisfactory grades on a proficiency examination satisfactory to the department prior to the issuance of a license or limited permit.

24.8 Reconsideration. An application for reconsideration of a determination made by the Committee on the Professions or by the Board of Regents following a Committee on the Professions recommendation may be accepted upon a showing that the original action was based on an error of law, or that there is new and material evidence which was not previously available, or that circumstances have changed subsequent to the original determination.

PART 28
DETERMINATION OF GOOD MORAL CHARACTER IN THE PROFESSIONS

Section 28.1 Determination of good moral character
28.2 Information
28.3 Investigation
28.4 Review
28.5 Hearing
28.6 Appeal
28.7 Reapplication
28.8 Proficiency examination

Section 28.1 Determination of good moral character. The determination of whether an applicant for authorization to practice a profession, under title VIII of the Education Law, is of good moral character shall be made in accordance with the procedures specified in this Part.

28.2 Information. All information indicating that an applicant has been convicted of a crime, or has committed an act which raises a reasonable question as to the applicant's moral character, shall be referred to the executive director of the Office of Professional Discipline or his or her designee.

28.3 Investigation. The executive director of the Office of Professional Discipline, or his or her designee, shall arrange for a full and complete investigation of the circumstances surrounding such conviction or act. If it is determined that a reasonable question exists as to the applicant's moral character, then the executive director, or his or her designee, shall submit the results of the investigation, including any letters of reference from peers or others which may have been submitted by the applicant, to a panel of the appropriate professional State Board for its review. The panel shall consist of three or more members of the State Board.

28.4 Review. Upon such review, the panel, by majority vote, may conclude in favor of the applicant to the effect that the moral character of the applicant is adequate for licensure, thereby fulfilling that licensure requirement, and the applicant and the director of the Division of Professional Licensing Services shall be notified of such conclusion by the Office of Professional Discipline. If, upon such review, the panel concludes, by a majority vote, that a substantial question exists as to the moral character of the applicant, the applicant shall be notified thereof. Upon the written request of the applicant, within 30 days after receipt of such notice, the department shall schedule a hearing on such question.

28.5 Hearing. The applicant shall be given 15 days' notice, by mail, of the time and place of the hearing and a statement of the matters asserted which raised the question of the applicant's moral character. The applicant may be represented at the hearing by an attorney, may cross-examine witnesses, may produce witnesses, and may present evidence in support of the applicant's good moral character. The hearing, at which a verbatim record shall be taken, shall take place before a panel consisting of three or more members of the appropriate professional State Board, and before an administrative officer admitted to practice as an attorney in the State of New York, designated by the department. Such administrative officer shall have authority to rule on all motions, procedures and other legal objections, but shall not be entitled to vote in the determination of the panel. The determination of the panel shall be made by a majority vote of the panel and shall be rendered in a written report which shall be drafted by the administrative officer, shall reflect the determination and recommendations of the panel, and shall be subject to the approval of and signature by the panel chairperson on behalf of the panel. Copies of the report shall be forwarded to the director of the Division of Professional Licensing Services and to the applicant.

28.6 Appeal. The applicant or the executive director of the Office of Professional Discipline may appeal the determination of the panel concerning the licensure requirement of good moral character by filing a written notice of appeal therefrom with the Committee on the Professions within 30 days after service of the report of the panel upon the party taking the appeal. In the event no appeal is taken from the determination of the panel, the determination of the panel shall be final. In the event either party appeals from the determination of the panel, the appellant may submit a brief to the Committee on the Professions and the opposing party within 30 days after filing the notice of appeal. An answering brief may be

filed by the opposing party with the Committee on the Professions within 20 days after the receipt by the opposing party of the brief submitted by the appellant. The Committee on the Professions may affirm, reverse or modify the determination of the panel and/or make such other determination as it may deem just and proper under the circumstances. The determination of the Committee on the Professions shall be final and copies thereof shall be forwarded to the applicant and to the executive director of the Office of Professional Discipline.

28.7 Reapplication. Whether or not the applicant appeals from the determination of the panel, the applicant may reapply for licensure to the director of the Division of Professional Licensing Services after the expiration of 18 months from the date of service of the report of the panel.

28.8 Proficiency examination. If the Committee on the Professions determines that the applicant otherwise meets the moral character requirements, but has failed to remain current with developments in the profession, and a substantial question is presented as to the applicant's current fitness to enter into the active practice of the profession, the Committee on the Professions may require that the applicant take and obtain satisfactory grades on a proficiency examination satisfactory to the department prior to the issuance of a license or limited permit.
